Paint is to a Building

what clothing is to the body. It is just as important. You should take as much care in selecting the paint to clothe your property, as you do in selecting the material to clothe your person. Paint preserves the building. Paint gives beauty to the building. In painting the labor costs more than the paint. There will be a large waste if the right paint is not used.

THE SHERWIN-WILLIAMS PAINT

is made for painting buildings. It is not a low-priced paint, but it is cheap because the best. It is made of the purest materials—that wear the longest. The colors are bright and handsome.

THE BOND ISSUE

The proposition inaugurated by the Board of Supervisors to bond the county to provide good and permanent roads is meeting with enthusiasm everywhere. We have heard of no opposition in any quarter to the proposed bonds issue. It is absolutely necessary that we should have good highways if we wish to reap the benefit of a large population, which will undoubtedly come here if it can get the same conveniences that is offered in other less favored localities. The eye of the San Francisco business man and home seeker is centered in the peninsula. Here they desire to build cosy homes away from the turmoil and den of the Metropolis, and to enjoy the pure air and healthful ozone of San Mateo county. There is nothing so inducive than fine roads to bring the home seeker. The Supervisors, who are all good business men, have grasped the situation, and at once see the necessity of this and are using their every energies to provide such. This cannot be accomplished by funds from the respective road districts, for their is only sufficient money from those sources to keep the highways in repair. A bond issue is the only solution of the affair. We want good roads in the county, and to keep up with the advance march of progress we must have them. The heaviest taxpayers in the county are the most enthusiastic about the bond issue. Let all unite in this important issue and work for the welfare of the county.

Not only does a Pompeian Massage perfectly cleanse the skin, but it removes wrinkles and blackheads, takes out stiffness of the facial muscles, animates the tissues, and makes the flesh firm and solid. Men use Pompeian Cream after shaving—it flexes the muscles and takes away shaving soreness. Most women recognize the value of this preparation in maintaining a clear and healthy skin.

Thomas Epperley, who has been a resident of Redwood City for the past five years, has resigned his position with William Bement and has gone to San Jose. He was a prominent member of Redwood Parlor and popular with all. He carries with him to the Garden City the best wishes of every one in the community.

For the betterment of the health conditions of the town it would be a wholesome thing to clean some of the backyards. Many of them need it very much.

Mrs. W. Havey is now able to be around after a seven weeks' illness.

Supervisor John MacBain was in town Thursday in his new Mitchell touring car. It is 30-horse power with great speed capacity. It is one of the finest machines in the community.

Mrs. Holmquist and family extend their sincere thanks to all, who by kindness and sympathy aided them in their recent affliction.

At the meeting of the California Association of Traffic Managers Saturday in San Francisco, Charles H. Eckhart, of Watsonville, and formerly of this city, was elected a member.

Clarence Hayward and Claude Fox left Thursday morning for Willows, where they will spend a few days killing geese. The flight of these fowls to the north is now taking place and they are said to congregate in large numbers in the marshes near Willows. George Genochio was to have accompanied them, but at the last minute he was taken with a slight attack of lagrippe and was compelled to remain at home.

Albert Mansfield has been confined to his bed for the past week and for a time it was feared that his ailment was typhoid. He is now on the mend, however, and his many friends hope to see him around again shortly.

Mrs. Wentworth and her daughter Miss Marjorie were here from Oakland last week and remained over Sunday with Mrs. Wentworth's parents, Mr. and Mrs. James Crowe.

The birthday of Mrs. Lila Kirkpatrick and George H. Rice was celebrated at the home of Mr. Rice Wednesday. Mrs. Rice prepared a bounteous repast which was enjoyed to the full by a few friends. At the conclusion of the dinner cards were indulged in for the balance of the evening.

Miss Edna Wilson, one of the popular young ladies of this city, and Howard Werner, of South City, will be united in marriage at the home of the bride's parents next Wednesday.

The rumor to the effect that the Dingee property here will be subdivided and sold is confirmed. The Talbot place, upon which Mr. Dingee has an option, is to be retained as a home.

Your particular attention is called to the fact that Court Star of Redwood A. O. F. will give its 15th anniversary ballon Saturday April 6th at the Alhambra Theatre rain or shine. First class music has been engaged and a jolly good time is assured all who attend.

Death of Professor C. L. Story.

Charles Louis Story, a nephew of L. P. Behrens of this city, passed away at his mother's home at Palo Alto last Sunday, after a lingering illness.

The deceased was a native of California, born April 7, 1878. He was a Stanford graduate with the class of '98, taking his degree of M. A. in 1900. Until a year or two ago, he held a position as instructor in the state normal school at Warrensburg, Mo., from which he was forced to resign because of failing health. Some time ago he was appointed an instructor in the English department at Stanford, but was never able to take up the active duties of the position.

The deceased had written a number of poems, which showed undoubted ability. A collection of his verses, "Moods and Memories," was published last fall and received many words of praise from reveiwers. One of his latest compositions, "Peace Bringers," was published in the Christian Endeavor World last week.

Will of T. F. Payne Filed.

The will of Theodore F. Payne has been filed for probate. All the estate is bequeathed to his wife, Mary Pauline Payne. The estate consists of an undivided half interest in improved property worth over $10,000. Mr. Payne requested that the sum of $10,000 be invested for a life annuity for his brother, Warren R.Payne. The instrument is dated October 15, 1900 and is witnessed by W. H. Rhodes and F. W. Van Reynegum. No mention is made of three children for the reason that the decedent had full confidence in his wife and knew that they would be well provided for. She is named as executrix to serve without bonds. The petition does not state the value of the estate, but it is understood that it is worth considerably over a million.

PASSING OF A PIONEER

Carl J. Holmquist who has resided in this city for the past twenty years passed away at his home on the Island Tuesday after an illness extending over a period of one month. Mr. Holmquist was operated on for appendicitis and was apparently getting on nicely when complications set in which resulted in his death. Mr. Holmquist was born in Sweden sixty years ago and remained there until after his marriage, when with his wife and two small boys he turned his face to the Western world and came to California settling almost immediately in Redwood City. He obtained employment at the Frank Tannery and continued in the employ of that company until a short time prior to his demise. He belonged to but one lodge, Metamora Tribe of Red Menand was a past Sachem of that order. He was a quiet man who loved his home and strove to give his sons the best possible chance in life. He counted every man in town his friend and the entire community sympathizes with the family in their bereavement.

He leaves to mourn him, his loving wife and two sons, Rudolph C., and Hjalmar E. Holmquist and a brother and sister both of whom reside in San Francisco.

The funeral took place from the late residence where Rev. C. C. Kirkland conducted the ceremonies. The Red men took charge of the remains and officiated at the interment. The floral offerings were many and beautiful and bespoke the love which his many friends had for him. The interment was in the family plot at Union Cemetery.

SUPERVISORS IN SESSION

BUSNESS TRANSACTED AT LAST MEETING

In the Board of Supervisors of the County of San Mateo, State of California, Monday, March 25th, 1907.

Special adjourned meeting.

The Board of Supervisors of the County of San Mateo, State of California, met this day pursuant to adjournment and said Board was called to order at 2 o'clock p. m. by the Clerk, the Chairman of said Board not being present.

The following named Supervisors were present and answered to their snames, viz:—Supervisors John MacBain, J. Ekerenkotter and D. E. Black burn.

Absent, Supervisors J. H. Coleman and Jos. Detenedetti.

It was moved by Supervisor Blackburn seconded by Supervisor MacBain, that Supervisor Ekerenkotter act as chairman of said Board, pro tem, aquorum being present, which motion was duly carried and so ordered.

Supervisor John MacBain thereupon presented to the Board a letter which he had received from Jno. B. Leonard a consulting Civil Engineer of San Francisco, submitting the names of certain persons to serve on proposed road commission for the reconstruction of the main highways of the County, which letter was read to the Board and is as follows, viz:—

San Francisco, Cal., March 23, '07.

Mr. John MacBain,
Menlo, Cal.

Dear Sir:

Beg to submit to your consideration to following names of gentlemen who, I think, can serve on your proposed commission with entire satisfaction to your Honorable Board of Supervisors.

Mr. Wm. Ham. Hall, 324 Haight st., San Francisco.

Prof. C. D. Marks, Stanford University.

Mr Otto Von Geldern, 1987 Broadway, San Francisco.

Mr. M. K. Miller, 479 Merrimac st., Oakland.

Mr. Jno. B. Leonard, 623 Monadnock San Francisco.

Mr. Hall is the man who laid out Golden Gate Park of San Francisco and was in charge of the Park for ten years when he resigned to take the position of State Engineer. He is a man of wide experience in road construction and in my judgment one of the ablest engineers on the Pacific Coast.

Prof. Marks, of course you know all about.

Mr. Otton Von Geldern was in the employ of the Army Engineer Corps for a number of years and had a great deal of experience in the construction of roads for the Presidios and several Army Posts in the vicinity of San Francisco. He has also been Secretary of the Engineer's Society for a number of years.

Mr. W. K. Miller is a gentleman with whom I have no personal acquaintance but he is spoken of in the highest terms by Mr. Hall. He has occupied the position of County Engineer of Alameda Co. and also City Engineer of the City of Oakland.

I have taken up the matter of terms with Mr. Hall but have not seen any of the other gentlemen whose names I have submitted. I feel confident, however, that either Mr. Miller or Mr. Von Geldern would be satisfied with the terms that Mr. Hall and I have agreed upon, viz: $25.00 per day, including traveling expenses, for all of our time consumed in field examination and preparation of report or, we will submit the report for the sum of $500.00 each, traveling expenses to be paid by the County. I feel certain that we would want to make at least two trips over the road possibly, three in order to insure ourselves of the accuracy of our classifications,

Very truly yours,
JNO. B. LEONARD.

Thereupon Supervisor MacBain moved, after discussion was had in said matter, that said Mr. Wm. Ham, Hayl San Francisco, Prof. C. D. Marks, of Stanford University and Jno. B. Lenard, Consulting Engineer, of San Francisco, three of the gentlemen mentioned, in said letter, be and they are hereby appointed and selected by the Board of Supervisors of this County to act as a Board of Engineer at a compenation of $25.00 per day, each, including all their expenses for the time they are actually engaged in the inspection of said roads and in the preparation of the necessary data and in making up their report to this Board.

Said motion being seconded by Supervisor Blackburn, was duly carried and so ordered.

Supervisor MacBain moved that the above named persons be notified of their selection by this Board as a Board of Engineers for the purpose hereinbefore stated. The motion was seconded by Supervisor Blackburn, carried and so ordered.

Supervisor MacBain thereupon moved that the roads to be reconstructed and viewed by said Board of Engineers for that purpose be what is known as and called the San Francisco and Mission Road commencing to the County line dividing the City and County of San Francisco from the County of San Mateo, and thence continuing southward along the main County Road to the line dividing the County of San Mateo from the County of Santa Clara and from the City of San Mateo, in said County, over and along what is known as and called the Spanish-town Road, over and across the mountain to Half Moon Bay, and from thence following southwardly along the line of the coast, on what is known as and called the Half Moon Bay and Santa Cruz Road to the Town of Pescadero, and from Redwood City in said County over and along what is known as and called the Redwood City and Woodside road to Dalve's Hotel; thence on and along the road leading from Dalve's Hotel across Dry Creek along and in front of the property of Greeley,——Hansen, Comple, Talbot and others to the foot of the mountain and to the place known as Prestons; thence over the mountain to La Honda over the present grade, or if in the judgment of the engineers, and without additional expense or cost to the County, a more suitable grade can be obtained, than over such grade to said La Honda, and thence from La Honda to the town of San Gregorio.

Said motion being duly seconded by Supervisor Blackburn, was duly carried and so ordered.

On motion of Supervisor Blackburn seconded by Supervisor MacBain it was ordered that the further consideration of the plans and specifications for the proposed new Court House be continued to Monday, April 1st, 1907, at 10 o'clock a. m.

No further business appearing the Board adjourned to Monday April 1st, 1907.

The Story of Esther

In view of the production of the Cantata of Queen Esther on April 13th by the High School, the Review of the Scriptural story on which it is founded was called for in the class of English; and the following article was prepared by a member of the Senior class.

Frances Gillespie, '07.

During the reign of King Ahasuerus who ruled over India and Ethiopia, a feast was given by this King in honor of all of his princes and servants. On the seventh day of the feast the King sent for Vasthi, his Queen, who was holding a feast in her apartments, to come before him. This she refused to do, so Ahasuerus commanded his servants to gather all of the fair maidens of the province before him, for he intended choosing a new Queen. Mordecai, a Jew in the Palace bought forward Esther, an orphan, the daughter of Mrodecai's uncle whom Mordecai had adopted. Esther went through the process of purification, and when presented to the King in the tenth month, he loved her and made her Queen. A feast was then prepared in her honor. Esther had been warned by Mordeci, who sat at hte king's gate not to tell who she was, and Esther had carried out this request,

Two of the king's chamberlains plotted to take Ahasuerus's life and Mordecai, on learning of the plot informed Esther, and she straightway told the King. Consequently the chamberlains were hanged to a tree. The service of Mordecai was then written in the Chronicles of the Kingdom but it seemed to be forgotten for the time.

Haman, the son of Hammedatha, came into favor and everybody except Mordecai bowed to him and did him reverence. Haman became enraged at Mordecai's refusal to honor him, so went to Ahasuerus and told him threr was a certian people in his provinces whose laws were contrary to the King's and whom he wished to destroy. The King granted him his petition and a decree was drawn up and sealed with the king's ring, that every Jew should perish on a certain day

Mordecai, on hearing of this decree, was very much grieved. Esther sent a chamberlain to him to learn the cause of all the commotion. Mordecai told her all, and Esther determined to see the King and plead for her people, for she, herself was a Jewess.

Esther went to the King, and on being asked her request, answered that she wished the King and Haman to come to a banquet which she had perpared. This they did. Haman was much touched by the honor shown him, so he believing he had won the King's favor he decided to go to him on the following day and ask if Mordecai could be hanged. The King granted this petition on Haman's presenting it. Consequently Mordecai was brought through the streets of the city, and while Haman was rejoicing voer his good fortune, he was called to Esther's banquet.

Here Esther told the King that all her people were to be slain and Haman was their enemy. Haman begged for mercy but it was of no avail and he was hanged on the gallows which had been prepared for Mordecai

The house of Haman was given to Esther and Mordecai was brought to the Palace and presented to the King. Esther asked for the safety of her people, and a decree was issued for that purpose and sealed with the King's ring. The Jews were given power to avenge themselves on their enemies. Thus all the Jews would gathered in their cities and enjoyed a merry time. They destroyed many of their enemies including the ten sons of Haman. Then Esther asked if the ten sons of Haman might be hanged on the gallows, and in consequence they were.

This was followed by a few days of feasting and Mordecai sent letters to all the Jews in the provinces of Ahasuerus to establish the fourteenth day of the month Adar and also the fifteenth yearly as the days of feasting, merry making and giving to the poor. Mordecai, the Jew, was advanced and was next to the King in power and great among the Jews.

THE TRUTH OF THE MATTER

The general trend of our educational institutions is to impress upon the youth of the country the importance as well as the advantage of being honest and truthful in the walks of life—that "honesty is the best policy." This same idea is, or should be, impressed upon the youth in his home life, and no doubt as a rule it is. In spite of all this teaching, however, old and young alike, generally speaking, have been and still are of the opinion that there is no wrong attached to swindling a corporation, especially a railway corporation. From the tramp to the millionare, and from the man of affairs to the preacher of righteousness there seems to be a sense of delight and satisfaction when opportunity is offered to take advantage of a railway's mistake or oversight to retain in the pocket money that should go to it. Almost by common consent it is no crime to "beat" a railway, street or steam trunk line, in the payment of freight bills or passenger fares. The railways are looked upon by too many public enemies, and that it is every one's duty to "spoil the Egyptians even if one has to hunt around for or make an opportunity to purloin the road's money and jewels. A man may be rolling in wealth and his pockets may be bulged out by the burden of handfuls of "change," yet a heavenly smile of supreme satisfaction lights up his face if the conductor passes him by though the fare be only a nickel. The same is true of steam car passengers—not all but most of them. The public has little or no sense of honor or honesty when dealing with railways, and yet there is not the slightest difference between "beating" your grocer or any person who supplies you with commodities or service and beating a railway. It is swindling, it is theft, it is dishonesty in either case, only that the public has made itself belive that it is not wrong to slip the hand of thievery into the pocket of a railway company and pick it. If the roads "pick" back a little do they do more, than they have been taught to do by the public?

Nevertheless, even those who are ever on the alert to swindle the street or steam road out of a fare, are not slow to admit that but for the daring of men and capital in blazing the way for men into almost unknown regions for home seeker and business enterprises to penetrate and build towns and cities and plant the acres of the territory round about, more than one-half of the United States would still be a wilderness. Let us be reasonable. The cold facts of history show in glaring light that when a great calamity comes sweeping down upon a community the railways are the first to rush to the relief of the stricken. Nor does the railway ask if the disaster came by storm, by fire or by earthquake or by water. Its wheels roll fast to carry relief. When San Francisco awoke on the 18th bay of April laft to find herself a pile of ruins, the Southern Pacific and the Santa Fe railways were the first to extend a helping hand. The greatest stress was immediate provisions for the homeless, and these two "brutal monopolies" opened all their cars to the staicken people to go to the interior of the state, or even to the Eastern States without fee or reward for the transportation. And while the outbound trains were laden with fleeing humanity, the inbound trains came rushing to the relief of the hungry laden with food, and all this vast service wholly and entire at the expense of the railways. It was the railways that solved the problem of how to handle the situation and provide ways and means to give the victims of the disaster the quickest possible relief. And the solution was in crrrying the homeless to the open arms of outlying communities and fetching food and clothing to those who remained. Put what the railroads did to aid San Francisco into dollars and cents, and it will be found that their contributions aggregate more than those of even the National Government or the whole State of California. Let us be just. Let us tell the truth.—Berkeley Gazette, February 25, 1907.

Is the Franchise Forfeited?

Resolution No. 812 passed by the Board of Supervisors of San Francisco has been filed with County Recorder Johnston. It states that the Spring Valley Water Company has persisted, in deference to law, in collecting water rates in excess of those established by the Board of Supervisors under and pursuant to ordinance No. 1775, Section 1, Artiele XIV, of the constitution of California is recited, going to show that any water company that collects rates otherwise than established by and under the authority of the Board of Supervisors shall forfeit its franchise. The Board has discoverld that the company is collecting rates under the ordinance passed in 1902 and not under the one, which establishes a lower rate, passed in 1906. It is therefore resolved that the said franchise of the Spring Valley Water Company is forfeited to the City and County of San Francisco for public use.

MENLO PARK HAPPENINGS

NEWS GATHERED FROM VILLAGE OF BEAUTIFUL HOMES

The Palo Alto Times of last Saturday contained the following article, which is of interest to the people of Ravenswood:

"E. G. Dulin, J. A. Frame, F. A. Bizzell and J. F. Parkinson have organized a corporation under the name of the Port Palo Alto Land & Town Company, and have purchased the Matt Crowe and the several Cooley properties lying between the terminus of University avenue and the bay of San Francisco.

"The company has surveyors at work on this continuous strip of land, which comprises some 600 acres, and will subdivide and place it on the market.

"The first of the several subdivisions to be placed on the market will be that comprising the Matt Crowe place, which under the new arrangement of things will be known as Woodland Place. It lies about half way between the Palo Alto depot of the Southern Pacific Company and the San Francisco bay, being about one mile from each.

"It is one mile from Dumbarton Point where work is already under way on the Southern Pacific-Western Pacific three-million-dollar steel bridge, over which all the overland bridge and passenger trains will be run to San Francisco,

"Palo Alto's University avenue will be extended through the entire tract and through the center of Woodland Place. It will be 100 feet in width and boulevarded the entire distance to the bay, making a driveway that cannot possibly have an equal anywhere.

"It is stated that the company will build, operate and maintain a system of street railway from some point in Palo Alto, leading to the bay shore, where there will be institutions of various kinds, business, manufacturing and amusement.

"The company has already interested manufacturers in the location, and states that the bay front will be one of California's manufacturing centers.

"The amusement feature will comprise a casino, bathing-houses, boating, liveries, etc., equal to any to be found at any pleasure resort in the Western country.

"Along the 100-foot-wide extension of University avenue (in fact this splendid thoroughfare will be called University avenue) in Woodland Place there will be some of the most desirable home sites in the entire Port Palo Alto tract, while facing on San Francisquito creek provision has been made of some choice and very desirable locations for villas.

"From the Southern Pacific depot in Palo Alto the bay is less than three miles, and the street railway, which it is proposed to build, will bring any portion of Port Palo Alto within a very short distance, and time as well, from the railroad and therefore San Francisco. This will make the tract, and especially Woodland Place, desirable for commuters. A five-cent fare each direction, between Palo Alto and the bay, will be provided, making transportation decidedly low priced.

"The company states that very low prices for lots in Woodland Place will prevail, considering the advantages and the location. Terms to be named will make it to the advantage of everyone to make purchases, for investment or otherwise. They will be within the reach of all, and this being the case, the chances are that Woodland Place will be sold out and inhabited by hundreds of residents long before the close of the coming summer.

"It might be stated in connection with mention of the various advantages of Woodland Place and the entire Port Palo Alto tract that restrictions have been provided for, such as a liquor clause in deeds similar to that in force in Palo Alto, the size and cost of houses to be built on certain blocks, shade trees, walks, streets, fences and the like. The idea is to make everything in connection with the "Place" ideal in every respect—not ideal but entirely practical and extremely desirable as well—entirely in keeping with the bounteous provisions of nature.

"Later announcements by the Port Palo Alto Land & Town Company will be awaited with deep interest."

The death of Miss Frances Doyle, eldest daughter of the late John T. Doyle, has caused wide-spread sorrow. She was beloved by all for kindness of heart and for her numerous acts of charity. She always took an active part in the affairs of this community, and was first in religious work, doing good and always helping the needy and poor Miss Doyle will be missed in Menlo Park, where she spent the major portion of her life. She met with an accident last spring in San Francisco, and suffered much pain. Since then she had been awaiting the final summons with true Christian fortitude. She did not fear death, feeling confident that its solution would reunite her with her loved ones who had gone before. The remains of this good woman were laid to rest in the family plat in Holy Cross Cemetery last Tuesday.

Eaton ConfesseS

On the night of the 17th of March the depot at Menlo Park was entered, and would have been burglarized but for the appearance of the station agent, who arrived on a late train from San Francisco. Early next morning Sheriff Chatham and Constable Cronk arrested two men at the Fair Oaks depot. They made a desperate attempt to escape, but Chatham covered them with his gun while Cronk handcuffed them. They gave their names as James Hooksman and H. L. Eaton, Both Both were subjected to a sweating process by Jailer Maynard, and on Wednesday Eaton made a confession in the presence of the jailer and the District Attorney. He gave his true name as Bert King. He said he entered the station while Hookman remained outside. The latter stoutly denied having anything to do with the burglary. They are both desperate characters with long criminal records. King was sent to San Quentin in 1899 from Hanford. Kings county, for burglary. He also spent a term of four years in Folsom for burglary committed at Santa Cruz. Sheriff Chatham received a communication from the chief of police of Los Angeles statsng that both were driven out of that place. Mr. Chatham deserves credit for rounding up these two desperate criminals.
